<b>Mino Mikan Elementary School</b>		820 Miikana Road, Findlay Creek	September 3, 2024		<p>Kindergarten to Grade 6</p> <p><u><b>Choosing our School Name</b></u></p> <p>In order to engage the students and the new school community, the school principal met with students during regular visits to Vimy Ridge Public School and Robert Bateman Public School as well as engaging parents and members of the school community in providing naming suggestions.</p> <p>An initial survey was shared with students in Grade 5 at Vimy Ridge, parents/guardians and the community in late February and March to solicit potential names for the new elementary school. On 2 April 2024, the committee met to review the approximate 50 school name submissions made by students, parents, staff and community members. Upon consideration of the submissions and names generated through conversations with Algonquin elder Albert Dumont coupled with the OCDSB guidelines for school names, the committee started the process of short listing names.</p> <p>Based on the survey feedback, it seems that many parents preferred the name Mikana Elementary School. The school is built on Miikana road, which is an Ojibwe word meaning path. Comments shared about the name were that it is easy to remember, it is a gateway for many paths for students and it has an Indigenous connection to the land. Albert Dumont proposed instead that an Algonquin word such as Mikan or Mino Miikan be considered given the territory where the school exists.</p>	

					After deliberation, the committee opted in favor of an Algonquin name as the recommendation for the new elementary school in Findlay Creek. Mino Mikan translates to "the good path" in the Algonquin language. The committee saw it as a representation of a positive beginning for students, opening many doors for students - a journey towards learning, growth, and community contribution. They believe the name resonates with the area of Findlay Creek is known as Pathways and has a connection with Miikana Dr., the street where the school is situated. Choosing a name with an Algonquin background is seen by the committee as a meaningful step towards reconciliation and is in line with the OCDSB Strategic Plans focus on social responsibility. An Algonquin-named school offers valuable learning opportunities for students and the school community as they delve deeper into the history of the Algonquin people.

St. Gianna Catholic School		830 Solarium Avenue, Riverside South	September 3, 2024		<b>The History Behind Choosing St. Gianna as a Name</b>	
					Principal Michelle McGarry shared with the Trustees that a dedicated School Naming Committee, comprised of representatives from both the Board and their parent community, embarked on a meaningful journey to select a name for their new Riverside South Elementary school. Together, they curated a list of four distinctive options, each with special significance. These options were not just names but reflections of their community’s values and aspirations. From St. Gianna, patron saint of mothers, physicians, and unborn children, capturing a significant 44% of the vote, to Blessed Chiara, patron saint of athletes, earning a respectable 30% of support, every name had its own story to tell.	
					Additionally, there was St. Ignatius, the patron saint of educators, education, the Society of Jesus, and soldiers, representing 18% of the vote, and St. Jacinta, the patron saint of bodily ills, captives, and sickness, with 8% of support. Each option brought a unique perspective and meaning for the School Naming Committee to review. Ms. McGarry expressed her confidence that the deep symbolism and broad support for St. Gianna perfectly embody the spirit and vision of the new Riverside South Elementary School.

St. Veronica Catholic School		4140 Kelly Farm Drive, Findlay Creek	September 3, 2024		Background on Choosing St. Veronica as a Name	
					The Findlay Creek Community came together to select the name for the new school, and it was a close contest with options including St. John Bosco and St. Ignatius of Loyola. However, after thoughtful consideration and a strong response, St. Veronica emerged as the favourite, capturing 44.6% of the votes. Principal Lisa Hurd told Trustees she was pleased to see such robust participation. The engagement underscores the sense of community and shared purpose that defines us here in the Findlay Creek area. While St. Veronica secured the majority of votes,Principal Hurd acknowledged the significant support for St. John Bosco and St. Ignatius of Loyola. Each name represents a rich tradition and values that resonate with their community. Trustees heard that the community is thrilled to be making progress with St. Veronica Elementary School, and we’re eagerly looking forward to what’s to come. The school’s name embodies the values of empathy, compassion, and dedication to service, which will undoubtedly have a profound impact on the school’s character.
